Phone: (303) 493-8401
FAX: (303) 226-9455

Fisheries Review is intended to furnish fishery biologists with abstracts of current literature in sport, fishery research, and management.

One volume, consisting of four numbers, is issued each year. Each number contains separate Author, Geographic, Taxonomic, and Subject indexes, and a list of publications screened. Authors who publish in journals not screened for *Fisheries Review*, and who would like their publications included, should submit abstracts to the Editor.

The U.S. Fish and Wildlife Service assumes no responsibility for the accuracy of material from outside sources, and can only supply copies of articles written and published by the U.S. Fish and Wildlife Service.

Fisheries Review

Vol. 35, No. 2 1990

CONTENTS

AQUATIC PLANTS AND THEIR CONTROL 1

CULTURE AND PROPAGATION

- General Fish Culture 1
- Trout and Salmon Culture 2
- Warmwater Culture 7
- Mariculture 8
- Feeds, Feeding, and Nutrition 9
- Transporting Fish 14
- Aquariums 14
- Miscellaneous Culture Techniques and Equipment 17

LIMNOLOGY AND OCEANOGRAPHY

- General 19
- Physical 19
- Chemical 19
- Benthos 19
- Primary Production 19

MORPHOLOGY, PHYSIOLOGY, GENETICS AND BEHAVIOR

- Morphology 20
- Physiology 31
- Genetics, Variation Studies, and Hybridization 62
- Behavior 67

NATURAL HISTORY

- Life History - General Works 73
- Population Studies, Production, Recruitment, etc 75
- Spawning Habits and Movements, Fecundity, etc 78
- Movements, Seasonal and Depth Distribution, etc 82
- Foods/Feeding 84
- Age and Growth 89
- Geographical Distribution, Fish Surveys, etc 91
- Abundance, Factors of; Survival and Mortality 94
- Identification, Keys, Classification 95

PARASITES AND DISEASES

- General 98
- Bacterial 99
- Fungal 103

Protozoan..... 103
Viral..... 105
Other..... 106

POLLUTION AND TOXICOLOGY

Pollution..... 109
Fish Kills..... 120
Toxicology; Bioassays..... 120

RESEARCH AND MANAGEMENT

General..... 131
Administration and Planning..... 133
Habitat Alterations..... 134
Harvest, Creel Census, etc..... 136
Fish Control and Removal..... 136
Marking and Tagging..... 137
Stocking and Introductions..... 138
Fishing Gear and Techniques..... 138
Fishways, Fish Passage Through Dams, etc..... 141
Mathematics, Statistical Methods, and Modeling..... 142
Lake Management and Research..... 148
River and Stream Management and Research..... 152
Farm Pond and Small Impoundment Management and Research..... 154
Large Impoundment Management and Research..... 155
Estuary Management and Research..... 155
Marine Management and Research..... 157
Utilization of Fishery Products..... 162
Miscellaneous Techniques and Equipment..... 164
Reviews, Bibliographies, etc. 165
Watershed Management..... 165
Miscellaneous..... 165

AUTHOR INDEX (Blue)..... 167
GEOGRAPHIC INDEX (White)..... 211
SYSTEMATIC INDEX (Blue)..... 221

AQUATIC PLANTS AND THEIR CONTROL

90-001466 Buckingham, Gary R.; Emmanuel A. Okrah and Michael C. Thomas. LABORATORY HOST RANGE TESTS WITH *HYDRELLIA PAKISTANAE* (DIPTERA: EPHYDRIDAE), AN AGENT FOR BIOLOGICAL CONTROL OF *HYDRILLA VERTICILLATA* (HYDROCHARITACEAE). *Environ. Entomol.* 18(1):164-171. 1989. FR 35(2)

1025 Pennock Place, Suite 212
Fort Collins, Colorado 80524

As the Nation's principal conservation agency, the Department of the Interior has responsibility for most of our nationally owned public lands and natural resources. This includes fostering the wisest use of our land and water resources, protecting our fish and wildlife, preserving the environmental and cultural values of our national parks and historical places, and providing for the enjoyment of life through outdoor recreation. The Department assesses our energy and mineral resources and works to assure that their development is in the best interests of all our people. The Department also has a major responsibility for American Indian reservation communities and for people who live in island territories under U.S. administration.
